AUTHORISED BRANDS

01 THE COMPANY

Shreetuvis Technologies Private Limited is one of the reputed and trusted organisations in Central India, managed by promoters with over 40 years of experience in the field of EPC contracts. The company operates across two verticals, **Turnkey Contract** and **Products Distribution**, providing a single-point facility for the goods and services required by modern buildings and industries. This saves owners and project teams the stress of managing and coordinating multiple agencies in project execution, and avoids unwanted delays in project completion.

⚡ TURNKEY CONTRACT

Transformer substations, HT/LT panels and cables, DG sets, wiring and illumination, ELV systems and electrical safety audits.

📦 PRODUCTS DISTRIBUTION

Finolex, KEI, Hager, Atandra KRYKARD and Legrand, with ready stock at the Nagpur warehouse.

02 PROMOTERS & MENTORS

Promoters and directors are postgraduates in the relevant fields of engineering, commerce, and economics. The senior-most mentor, **Jayant Joshi**, is B.E. and M.Tech in Electrical Engineering from VRCE (now VNIT), 1986. He began his professional career with Voltas Ltd, designing Power and Distribution transformers from 100 kVA to 10 000 kVA in the 11 and 33 kV class, and designed Package Substations up to 1 000 kVA with cast-resin transformers as early as 1987. He then joined the General Electric Company of India (GEC) as a marketing and service engineer dealing in Industrial Motors, Switchgear and Transformers.

He is a **Certified Energy Auditor** of the Bureau of Energy Efficiency, Govt of India, and a **Chartered Electrical Safety Engineer** with the Industries, Energy and Labour Department, Govt of Maharashtra. His professional experience, spanning over 40 years, includes the design and execution of EPC contracts for IT companies, hospitals, food industry, cold storage, plastic and paper industry, Power Generation, retail stores, analytical testing laboratories, pharmaceutical companies, automobile workshops, large commercial and residential complexes, hostels, and more.
